Ambitious and detail oriented UI/UX Product Designer with 2+ years of experience designing intuitive, user-centered digital products across mobile apps, web platforms, fintech, and enterprise systems. Currently at Kisel Group a Telkomsel Cooperative subsidiary, delivering multi product solutions aligned with the broader Telkomsel digital ecosystem. Adept at translating PRDs and design briefs into functional, visually compelling experiences while collaborating cross-functionally with product managers, engineers, and stakeholders. Pursuing a Master's in Management at Telkom University to integrate strategic business thinking with design practice

Work Experiences

Kisel Group - Jakarta Selatan

Aug 2024 - Present

UI/UX Product Designer

- Rakit Ecosystem – Designed a modular digital development system (e-commerce, cooperative, POS modules) that improved development efficiency by 40%, won 1st Place Kisel Innovation Award 2024.
- MyKisel – Led full UI/UX redesign of Telkomsel Cooperative's member service app; simplified navigation, designed new E-Cafeteria and peer transfer features, resulting in 20% growth in active users within 3 months.
- CoopIn – Initiated and designed a digital cooperative ecosystem (web + mobile) covering savings & loans, membership, and financial management. Successfully integrated 50+ cooperatives with Ecra Tender, Ecra Bid, and Ecra E-Commerce systems.
- BayarAja POS – Designed a mobile-first cashier app for MSMEs simplifying transaction flow, sales reporting, and product management, integrated with CoopIn ecosystem.
- Marissa HRIS – Redesigned HR system interface and workflows, introduced Attendance Gamification and Forum features to improve employee engagement and operational efficiency.
- Dira Help Desk – Designed an integrated help desk web platform for all Telkomsel Cooperative subsidiaries, enabling faster and more structured access to internal services.
- BayarAja & BayarAja Sales Force – Redesigned payment app and field canvasser app, streamlined payment flows and field activity workflows to boost usability and sales team productivity.
- SIK (Nursing Care Information System) – Designed a digital documentation system for nurses to standardize care processes and support patient symptom diagnosis.
- Piranti App & iFMC – Designed HRIS applications with building management and field operations modules for integrated HR and asset management.
- Simusi – Designed an e-commerce platform empowering local MSMEs in Palembang to adopt digital commerce with a simple, accessible interface.

PT Akurasi Konstruksi Indonesia - Bandung

Aug 2023 - Oct 2023

Product Designer Intern

- Led industrial design of a Mobile Lithium Backup Power (MLBP) unit to replace traditional generators in telecom infrastructure maintenance.
- Conducted extensive field research (route mapping, load calculations, range estimation) to produce a detailed Design Requirement & Objective (DRnO) document.
- Created concept sketches and developed final 3D models in Fusion 360, produced technical drawings to support prototyping and production teams.

Education Level

Institut Teknologi Sepuluh Nopember 📍 - Surabaya

Aug 2018 - Aug 2024

Bachelor Industrial Product Design

- 3rd & 5th Place – Solutif Product Innovation Design Competition 2023 (BDI Surabaya)
- Huawei Certificate of Appreciation – New Product 'PEDATI' Enhanced Network Operation Management

Purwadhika Design School 📍 - Jakarta

Oct 2024 - Jun 2025

Certificate Visual & UI/UX Design Job Connector Bootcamp

Universitas Telkom - Bandung

Feb 2025

Master Management

Skills

Design Tools

Figma, Adobe Illustrator, Adobe Photoshop, Framer, Canva, Miro, Notion

Design Systems

MUI (Material UI), Component Libraries, Design Tokens, Pattern Libraries

UX Methods

User Research, Usability Testing, User Flow Mapping, Wireframing, Prototyping, PRD Analysis

Collaboration

Design Handoff to Front End Engineers, Stakeholder Presentations, Cross functional Teamwork

3D & Visual

Fusion 360, Blender, KeyShot, 3D Modelling, Illustration, Photography

AI Tools

Claude Design, MidJourney, ChatGPT, Gemini

Achievements

- **Achievements** 🏆 (2024): 1st Place – Kisel Innovation Award 2024 (Rakit Ecosystem)
- **Achievements** 🏆 (2023): 3rd Place – Kompetisi Desain Inovasi Produk Solutif 2023, BDI Surabaya
- **Achievements** 🏆 (2023): 5th Place – Kompetisi Desain Inovasi Produk Solutif 2023, BDI Surabaya
- **Certificate of Appreciation** 🏆 (2023): Huawei Certificate of Appreciation for New Product "PEDATI" Enhance Network Operation Management
